

PHILIP MORRIS INCORPORATED  
LAW DEPARTMENT MEMORANDUM  
RICHMOND, VIRGINIA

TO: C. Adkins

DATE: October 21, 1981

FROM: N. Blish

SUBJECT: Non-Combustible Carbon Filter/PM 990

Art Palmer mentioned that he had discussed with you yesterday the above disclosure.

I have enclosed a copy of the latest draft so that you can see exactly what is involved. Note that the subject of the disclosure is a filter with increased filtration that also is non-combustible as opposed to a cigarette which is self-extinguishing.
